

Hanover Missionary Church
Lead Pastor

So, you are looking at this site for ministry opportunities.

Is God directing your attention here for His purpose?

You are in a successful position and things are going well but perhaps it is time to use what God has given you elsewhere?

It may be you would like to join what Jesus is doing in Hanover.

Consider this. We have just concluded a season of intentional transition evaluating and visioning who we are and where we are going as a church.

We have established our vision, mission and core values and we are ready to hear God's Word preached with life application and a heart for evangelism.

Our next lead pastor will love preaching the whole council of God and love people to guide us as a church to care for and love others.

Would it not be challenging and fulfilling to find a new field with rich soil where you can plant and watch the Spirit water and produce fruit?

If you sense the Holy Spirit exciting you about this opportunity please follow up by requesting a complete job description.
